Boy Soldier Who Killed German Captain

Under Cover of French Coat
 Latter Tried to Evade Young
 Soldier—Young Hero
 Wears Medal

PARIS, Jan. 26.—(Special.)—The boy soldier who was in the French army was a boy of 16, and was decorated with the Croix de Guerre, a medal which is given only to soldiers or officers who have shown gallantry in the field.

The boy was Jean Mercadier, born sixteen years ago near Rouen, and living with his parents at Paris. His father is a workman earning a dollar a day.

He was sent to Mexico at the age of 12 years with relatives and found employment on a cattle ranch. He joined the army with thirteen cowboys, belonging to the ranch, and fought bravely in the cavalry, obtaining the rank of equerry and receiving a medal from the French government.

When he was being joined to the army as a general utility soldier, he was slightly wounded in the left arm. The boy has been mentioned in despatches, first for killing a German soldier at Verdun, and later for his part in the capture of a German machine gun.

As to the man he killed, he said: "I was a second class soldier by the name of Fritz. I was a German, and was slightly wounded in the left arm. I was a German, and was slightly wounded in the left arm. I was a German, and was slightly wounded in the left arm."

LONDON, Jan. 26.—The past few weeks a controversy has been going on in the public forums of the newspapers as to the origin of the soldier's slang, "going west," an euphemism for "being killed."

The staff officer, however, has been told that "going west" is a colloquialism of the soldiers, and is not a slang term.

Fears For Safety of Jews In Palestine

Turks Inclined to Take Law Into
Own Hands and Drive Jews Out

CAIRO, Feb. 2.—It can be said to the credit of the Jewish community in Palestine, and particularly the Zionist organization, that the facts are being met by Vladimir Jabotinsky, a well-known Moscow journalist, who has been in the country for several weeks has been organizing revolt work among the refugees at Akko.

There is reason to believe that the Zionist movement is being organized for the safety of the 15,000 colonists in Galilee, Jordan, and Samaria, against the Turkish army in Syria which has been ordered to take the law into its own hands. The Zionist movement is being organized for the safety of the 15,000 colonists in Galilee, Jordan, and Samaria, against the Turkish army in Syria which has been ordered to take the law into its own hands.

A proclamation issued by the Turkish government as a revolutionary act to the Turkish movement which must be met by force. Accordingly, the local governing committees have been dissolved and the nearest measures have been taken to ensure that the Jews who remain on their holding shall be Ottoman subjects.

With hardly any exception, though most unwillingly, the colonists have been ordered to leave the country and be reduced to homeless subjects.

At the same time, the Anglo-Palestine Bank, the centre of the financial organization of Zionism, has been liquidated under conditions which make impossible certain vital operations of its small Jewish branches.

Actual confiscation of land has now taken place, but Arabs are being ordered to take the law into their own hands and drive the Jews out of the land.

The use of Zionist status as a means of escape from the country is being discouraged. The fact that German influence on the west coast has been a factor in the situation, makes it difficult to see how the situation can be improved.

Now all the Jewish refugees are being ordered to leave the country. The fact that German influence on the west coast has been a factor in the situation, makes it difficult to see how the situation can be improved.

Grand Truck
News Bureau
RECORD SHIPPING FROM CANADIAN VEHICLE FACTORY

The Grand Truck and Grand Truck Pacific Hardware have just landed the largest single shipment of motor cars and accessories ever made by a Canadian Vehicle Factory. The McLaughlin Carriage Company, Limited, of Delaware, Ont., shipped this week of Delaware a load of motor cars, McLaughlin automobiles and accessories for Winnipeg, Regina, Saskatoon, Moose Jaw, Edmonton and Calgary over the Grand Truck Express Line.

Business conditions in Western Canada, the McLaughlin Company believe, are founded upon the solid basis of agricultural production and they are every sign of increased instead of diminished demand for their products. The vehicles and accessories would make a proportion three miles long, and the Grand Truck authorities are giving a fast run over their lines.

"Profiting by the lessons of the present war," Uncle Sam's naval designers should note, designing a dreadnaught that can both dive and fly.

TO THE TEA TRADE OF CANADA

The year 1914 has passed, and during it we have sold the largest quantity of "SALADA" that we have in any year since it was first introduced to the public in 1892.

We have prepared a chart (printed below), which shows at a glance the vast business that has been built up on "QUALITY FOREMOSE". In drawing your attention to this, we respectfully ask you to specially note the record of 1914: Notwithstanding great obstacles, our output last year was above the previous year's record—and this in spite of the rise in price, and the fact that part of the time we were without stock, and therefore unable to fill orders. The difficulties of the tea trade in 1914 were so unique that a brief survey of the facts may prove interesting.

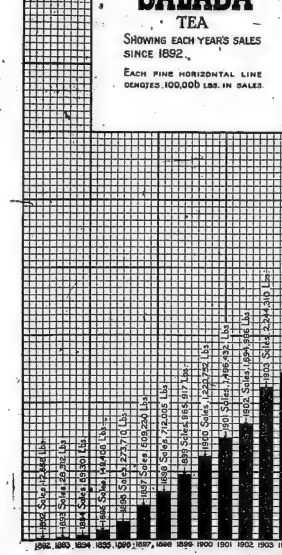

When the year was little more than half spent war broke out in Europe. Our first misfortune was the seizure at Gibraltar of the German steamship "Schnefeld", which sailed from Colombo at the end of July with a large consignment of tea for us. Our next blow was the imposition of an embargo on tea in Great Britain, which prevented all tea from leaving that country. At that time we had in London 9,600 chests, bought at auction, paid for and ready to ship, and we could neither get our tea nor our money. A few days later word was received of the sinking of the steamship "Diplomat" and "Victory of Winchester" by the German cruiser "Emden". These two steamers had nine million pounds of tea on board. As a result, further sailings from Ceylon and India were prohibited by the Admiralty.

Under these circumstances Canada would have been without tea in less than two months. Fortunately, later on, the embargo was removed, and we were able to get our stock in London, and after five weeks, the Emdean having left the Bay of Bengal, the Admiralty permitted the resumption of sailings from India and Ceylon. Thus we were relieved of our most apparent difficulties.

However, in the trade, it is a well-known fact that Canadians have been suffering for years with a quality of tea at prices unequalled in the world, and the wholesale tea business in Canada has proved disastrous to many and unprofitable to all. During the past five years the market has been working steadily upwards, until just before the war we had to pay the highest prices in twenty-five years. Having in addition, extra freights, war risks and still higher prices for our quality, we had only three options—lower our quality, go out of business or advance prices. We chose the latter. In spite of this, and out inability at times, to fill orders through shortness of stock, you will note by the chart that our increase in sales in 1914 over 1913 was 296,239 pounds, an increase in consumption of more than 1,000 pounds for every working day of the year.

Last year there was imported into the Dominion 37 million pounds of all kinds of tea. We sold in "SALADA" packets nearly one-quarter of this total, viz. 9,190,935 pounds.

We look forward to a still larger trade this year, and solicit your valued co-operation in our mutual interests. We readily acknowledge that other teas show you a greater profit than SALADA, but you must admit that no other tea gives anything like the satisfaction to your customers. We are giving a character of tea the consumer cannot get elsewhere than in "SALADA" packets, and in twenty-three years it has been on sale proves that consumers appreciate "SALADA" quality.

THE SALES OF "SALADA" FOR THE FIRST FORTNIGHT OF 1915 HAVE BEEN GREATER THAN THE SALES FOR ANY PREVIOUS FORTNIGHT IN OUR 23 YEARS' HISTORY.

Young People Enjoy Evening

The young people of John Street Presbyterian Church were held a social of rare spirit in the church parlors last evening. The program was of an informal gathering, with a well selected program. The feature of the evening was a skit, entitled "The Young People of John Street," by Miss M. M. Moore, on the book of Ruth. The skit was a very attractive personality of a New Year's in a strange land, with nothing to recommend it, but her wit and humor. The speaker brought out many points of view, and the skit was a very attractive personality of a New Year's in a strange land, with nothing to recommend it, but her wit and humor.

Some Beautiful Table Linens

We quote you an extract from the Leading Trade Journal of Canada which will show you the necessity for the early buying of linens.

"Linens have already advanced in price. One buyer has bought for his firm all the linens available here, and is now in Ireland arranging for more."

Linens you will want, and linens you will have to buy. We give you this timely warning so that you may protect your linen wants and needs before the prices advance.

We also wish to call your attention to the fact that our stock is most complete in the made-up covers and napkins at prices that have not been increased.

Neglect of Worship

By Rev. A. M. Haskin

The neglect of worship by Christians has become a serious thing of the hour. It is a neglect of the very heart of the Christian life. It is a neglect of the very heart of the Christian life. It is a neglect of the very heart of the Christian life.

CUBES

These little cubes are really good for the soul. They help to keep the mind clear and the heart pure. They are really good for the soul. They help to keep the mind clear and the heart pure. They are really good for the soul. They help to keep the mind clear and the heart pure.

It does not touch the essentials of Christian worship, according to the Scriptures, nor to the experiential knowledge of a redeemed life. Among Christians, there are too many who are conscientious to see that this is wrong. One out of ten says: "Go ahead! I'll do it myself," but only one will praise and glorify God for his blessing. One out of ten says: "Go ahead! I'll do it myself," but only one will praise and glorify God for his blessing.

There is no doubt in my mind that the neglect of worship is a serious thing of the hour. It is a neglect of the very heart of the Christian life. It is a neglect of the very heart of the Christian life. It is a neglect of the very heart of the Christian life.

More Nourishment—Weight for Weight

—in a package of Grape-Nuts than in a roast of beef.

Grape-Nuts is meat—the meat of wheat and barley—a rich, sweet, appetizing food, ready to eat direct from the package with cream or milk.

All the bone-meat, blood-meat, muscle-meat values of choicest wheat combined with malted barley are afforded in this famous pure food.

Grape-Nuts being partially pre-digested by long baking, gives quickly a wonderful power to "do," in return for the small energy required to digest it. Better and more complete nourishment than Grape-Nuts and cream is difficult to find; and with the price of meat way up there is true economy, food.

Tobacco Growers For 35 Per Cent Duty

With Removal of 20 Per Cent Now Imposed—Also Competitive Bidding

OTTAWA, Feb. 18.—(Special)—Three hundred representatives of the tobacco growers of Ontario and Quebec met in the Railway Convention room of the House of Commons this afternoon and decided a resolution to be presented to the Government tomorrow morning, asking for free importation of tobacco from the United States and Canada. The resolution, which is supported by the Ontario and Quebec Tobacco Growers' Associations, seeks a 35 per cent reduction duty on imported tobacco, which is now 50 per cent, and is subject, with the home-grown product, to an average of 25 per cent. The resolution is not a demand for free importation of tobacco from the United States and Canada, but is a demand for a 35 per cent reduction in the duty on imported tobacco, which is now 50 per cent, and is subject, with the home-grown product, to an average of 25 per cent. WINDSOR, Feb. 17.—Headed by LINDA, Suzanne H. H. Cochrane, three young girls, all set as nurses, and 20 young men who have enlisted in the A.M.F., left the city yesterday for London, where No. 3 Stationary Hospital is being mobilized. A KINGSTON CALF WITHOUT A TAIL

KINGSTON, Feb. 17.—One of the freakiest things on record was born in Kingston on Monday afternoon, at the stable of James Colgate, proprietor of the Albion Hotel. This was a calf that had no tail and whose hindquarters resembled in every respect those of a deer. While the tail should be there were only a few white hairs. The remaining parts of the animal are like those of a normal calf. Mr. Colgate, told Register, purchased the calf, which gave birth to this freak, from Charles Woodruff of Colchester, and had it shipped here by train. The freak will be kept for a while and will come, day or night, feature in a circus.

NEARLY A THOUSAND MEN MARCHED TO GANANOQUE

GANANOQUE, Feb. 18.—(Special)—The 3rd Battalion, almost one thousand strong, under the command of Col. Sir Peter Huxford, arrived this morning at 5 o'clock from Kingston on a route train, having left that city at 9 a.m. They were met at town by a few miles by a detachment composed of Col. Sir H. Huxford, the Mayor and members of the Town Council and officials, who escorted them into town. Upon arrival here they were received by a large crowd of citizens, who lined the streets. They are a fine body of men and were generally admired by the watchers. They have been at public buildings, and many private residences were decorated in honor of the occasion, while numerous small fires were carried by children.

The battalion had a two-hour halt for ration eight miles west of the town. The men appeared fresh after their twenty-mile march, which was

Why "No Tea or Coffee" for Children?

Many parents who drink tea or coffee would not allow their children to touch it.

The 1½ to 2 grains of the drug, caffeine, in the average cup of tea or coffee, is far more injurious to the susceptible nature of a child than to an adult, but, just as constant dipping will wear away stone, so will the repeated doses of caffeine undermine the strongest constitution.

Parents who would protect their own health as they do that of their children, will see the reason for quitting both tea and coffee and using

IT'S THE MAN INSIDE THE CLOTHES THAT WINS—OF COURSE! BUT THE CLOTHES ARE ON THE OUTSIDE, AND THEY COUNT!

AND THEY COUNT JUST IN PROPORTION AS THE MAKE, THE FIT, AND THE STYLE ARE ACCURATE.

Our Men's Clothing has to pass all sorts of hard "exams"—is criticized by Experts who know the "ins" and of good Tailoring as well as the styles and finish that characterize correct Clothing for Men and Young Men.

Suits, \$5, \$10, \$15 to \$25

Chequered Career of Chas. Sharpe

Prison Term Interrupts Period
of Escapes of a Former
Montrealer

OTTAWA, Feb. 21.—Being arrested twice, recently substituting himself as a member of the United States permanent force, being his way back to Canada, marrying and being arrested again with another deportation sentence awaiting him after he served a prison sentence, are a few of the high lights in the recently chequered career of Charles Sharpe, formerly of Montreal.

Sharpe, who was arrested by police officers here on Saturday, found himself discharging a deportation order while his newly acquired record of conviction. The charge against the woman, who was known as Florence Hamilton, of a St. Lawrence Mass. address in Montreal, was, however, dropped, while Sharpe was sentenced in six months in the Central Prison at Toronto.

Sharpe had a fairly busy time during the last few months. Contrary to records first about his coming to his father last December, when he had been living six weeks in custody in Montreal on suspicion of theft, and having served a month for the same offence in the United States, Sharpe thereafter joined in Albany, but afterwards returned to Montreal, where he was again sentenced to the National Guard.

He spent on account of work being made in the latter city, and was joined with the ordinary criminal, and was simply fined for changing clothes, with a number of other men who had grown tired of their prison life.

He was, however, not long in being released, the grounds being that he was "back to Montreal" and he was not to be released until he had been released.

MARKET REPORTS

MONTREAL, Feb. 23.—Business over the cable in Manitoba spring wheat today was dull, owing to the fact that there was no demand whatever from foreign buyers, on account of the weakness in the markets on Saturday and the further decline in prices today. The wheat spot market was the weaker feature, with prices reduced 1½ to 2 per bushel. Demand for corn is fair. Flour unchanged with business quiet. Millfeed in good demand at firm prices. Butter strong. Cheese

Shipyards Strike.

LONDON, Feb. 25.—Engineers to sail but one of the shipyards struck yesterday. Ten thousand men were made idle.

They say that there are 162,000 physicians in the United States. With all that competition no wonder they have to discover new diseases once in a while.

Artillery in Argonne Explored Ammunition Depot—Started to
Fly From Ost to England—Russians Have Re-
captured Stanislas and Kolomea

By Canadian Press To THE INTELLIGENCER

PARIS, Feb. 26.—The official statement says: "There is no change to report in the situation from the sea to the Alps." In Champagne nothing has happened since yesterday's communication. Our artillery in the Argonne captured an ammunition depot near St. Hubert. In a wood near Melcourt, between the Argonne and the Meuse, the enemy again captured one of our advanced trenches with a burning village, necessitating the abandonment of the trench, the occupants of which were seriously burned. A counter attack immediately checked the German, who suffered heavy losses in a number of prisoners. In the region of Verdun and on the heights of the Meuse our heavy artillery marked some German guns, captured about twenty ammunition wagons, annihilated a detachment, and destroyed an entire train. In the Bois de Helle district the battle continues to our advantage.
